

## WOODY Collection

**INTENDED USE AND MATERIALS UTILIZED:** Waiting areas coffee table with double deck and wooden legs, ideal for hospitality and office settings.

**MATERIALS UTILIZED:** Coffee table with double Compactop deck and wooden beech painted legs.

**FINISHES:** Slight differences in shades between different surfaces are possible. Furthermore, in the case of products purchased at different times, despite the use of durable materials for use in outdoor environments, natural-climatic factors can cause slight variations in shades.

Wood surfaces, being a natural material, could, over time, undergo color changes with use and exposure to light. Moreover, by their nature, these surfaces are uneven and easily damaged: some small impurities and imperfections fall within the accepted quality standards.

**CLEANING:** Clean the wooden surfaces with a soft, damp cloth soaked in lukewarm water. Dry immediately after cleaning. It is possible to use specific products suitable for cleaning wood, after checking users recommendations.

No specific maintenance other than normal cleaning is required for Compactop and Laminated tops. The tops can easily be cleaned and disinfected with hot water, steam and any common non-abrasive household detergents and disinfectants, as long as these are not highly alkaline. Just a couple of precautions are necessary: avoid using strong acids and bases and avoid wiping with highly abrasive substances or equipment.

**WARNING:** This sheet complies with the provisions of the law and of April 10, 1991 n.126 "Rules for consumer information" and with the Decree of February 8, 1997 n. 101 "Implementing Regulation". This article has also passed a series of tests corresponding to the UNI EN 16139 AC: 2013 standard.
