Ginestra

TABLES

Antonio Citterio

Description

Collection of large rectangular and round dining tables featuring natural teakwood structural details and designed tops, studied to match central inserts made of Calacatta white porcelain stoneware. The same collection features a chair, always in natural teakwood, with sinuous harmonious lines that are clearly inspired by northern trends. It is characterised by an interlacing in polypropylene fibre that is ideal for outdoor use. Colours are chosen to match natural teakwood with a beige interlacing. Comfort is guaranteed by seat and back cushions.
